

Cpt. Brown,

5-7-05

Here is the list of names, and a copy of the casualty report forms. I remember Sgt. Paz going to the 526th to get these forms filled out and upon his return to Hq we typed in all the information. I can not tell you why I kept these after we retyped them.

Its hard to look over these without choking up. I was 19 at the time and after all these years of going back in time it still hurts

to relive what we went through.

I have a lot of young men at my church who are with the 101st ~~at~~ Fort Campbell Ky, which is 56 miles from Nashville, and to see them leave and go to Iraq, well it still hurts.

I'm living in Goodlettsville Tenn, just out side of Nashville. If you go to Interstate 65 it will take you to Goodlettsville. If you ever come

To Nashville, just call me
and you will have a place
to stay, me and Mrs Kathy
(wife) have plenty of room. We
just built a new home 7 years
ago and we are really enjoying
life here. Stay in touch and
we will hopefully see you some
day. Thanks for taking care
of us kids in Nam.

Respectfully

(Sp4) Billy Smith
